

WFP Income Fund Announces a 7.29% Net Annualized Return in November 2023

December 12, 2023, Irvine, California - The WFP Income Fund, managed by Wilshire Finance Partners, paid investors a net return of 0.60% (or 7.29% annualized) for the month of November 2023 on a standalone basis. The Fund has paid investors a net annualized return of 6.27% in 2023. The net annualized compounded return for the Fund since its inception on September 23, 2013 through November 30, 2023 was 9.09%.

The WFP Income Fund (the “WFP Income Fund”) is a short-term, fixed income alternative investment that seeks to protect the investor’s principal while also providing attractive risk-adjusted returns. The WFP Income Fund is the sole holder of all the common shares of WFP Income Fund REIT, LLC, a Delaware limited liability company (the “REIT” and collectively with the WFP Income Fund, the “Fund”). The WFP Income Fund, directly and indirectly through the REIT, will invest in business purpose loans secured by first trust deeds and mortgages within the United States. The REIT was formed as a subsidiary of the WFP Income Fund in January 2019 to enable noncorporate investors to obtain up to a 20% tax deduction on REIT dividends received through the Fund under the Tax Cuts and Jobs Act of 2017.

The return obtained by the Fund was on an unlevered basis and was primarily the result of interest income received on the first trust deeds and mortgages in the Fund’s portfolio.

Loan Servicing Update

At November 30, 2023, the Fund's portfolio consisted of loans secured in first lien position against assisted living, retail, and warehouse properties. States represented in the Fund's portfolio at month end included California, Florida, Missouri, and Texas.

The Fund's portfolio performed well during the month, and at November 30, 2023, there were no classified loans. Classified loans are rated substandard, doubtful, or loss.

Wilshire continues to closely monitor and manage the loan portfolio and the following summary provides an overview of certain key servicing categories and actions occurring within the Fund's loan portfolio in November 2023:

Forbearance Agreements; Loans in Foreclosure; Other Defaults

As of November 30, 2023, the Fund did not have any loans under forbearance agreements, in foreclosure or in default.

Real Estate Owned (REO)

As of November 30, 2023, the Fund did not have any real estate owned (or REO) in its portfolio.

Loan Loss Reserve

Wilshire believes there are sufficient funds in the Loan Loss Reserve to offset potential losses without material impacts to the Fund or its investors. Wilshire will continue to assess the market and the adequacy of the reserves on a move forward basis and may make further adjustments, which may include specific reserves against particular problem assets. That said, there can be no assurance that the present or future amount of the Loan Loss Reserves will be sufficient to cover any and all losses which the Fund may experience.

New Investments

The Fund is accepting new and follow-on investments from investors who desire to invest non-ERISA funds. Investments in the Fund may only be made by accredited investors who are provided with the Fund's Private Placement Memorandum and invest in accordance with the Fund's subscription documents.

Prior Communications

Additional Comments

“The Fund saw another increase in the net annualized, non-compounded return in November on a standalone basis,” said Don Pelgrim, CEO of Wilshire Finance Partners. “The increase in return was the result of the Fund being more fully deployed into new loans at higher prevailing rates. The Fund’s portfolio continued to perform well and there were no classified loans, non-performing loans, or real estate owned (REO) in the portfolio. The weighted average maturity of the loans in the Fund remained unchanged and the weighted average loan-to-value of the fund was below 62%. Overall, we are pleased with the Fund’s results in November.”
